## 6 VIEW AUCTION

Screenshot for viewing an auction (the author field appears only when the user is not the creator of the auction).

## Guess bid project 2015

## 7 MAKE A BID

---

This bid area is shown in any auction pages (only appeared to customer which is not owner of this auction). Customer is able to make a new bid simply by input a number and click on Bid button. As a consequence, the bid area will be updated immediately with latest information (involved your current status bid and reference respect to another bidder).

## Guess bid project 2015

The screenshot shows a Google Chrome window displaying the 'ViewAuction' page at [localhost:8080/GuessBidWeb/ViewAuction?id=1](http://localhost:8080/GuessBidWeb/ViewAuction?id=1). The page has a header with 'HOME', 'LOG OUT', 'PROFILE', and 'ABOUT' buttons. Below this is a box containing auction details:

**Title:** House equipments  
**Author:** giulia.vignati@gmail.com  
**Description:**  
I am looking for a pack of house equipment:  
- 10 two-floor beds  
- 10 tables  
- 20 chairs  
These furniture could be used before but must be in good condition with respect to serve children in the new orphanage.

**Start date:** 20-05-2005  
**End date:** 04-07-2015

Below the description, it says: **The lowest bid: 10**, **Your lowest bid: 10**, and **There is 0 people who bid lower than you.** A light blue box below states: **Your bid is unique.** At the bottom, there is a **Bid:** input field with value 0 and a **Go** button.

## 8 ABOUT

Screenshot for about page

The screenshot shows a Google Chrome window displaying the 'About' page at [localhost:8080/GuessBidWeb/About](http://localhost:8080/GuessBidWeb/About). The page has a header with 'HOME', 'LOG OUT', 'PROFILE', and 'ABOUT' buttons. The main content area displays the title **GUESSBID PROJECT 2015** and the author's information:

**Ciao** giulia.vignati@gmail.com

GuessBid is an application implementing an inverse auction system. An inverse auction works like a regular auction. The difference is that in an inverse auction a user has to propose the lowest unique bid to win the auction. If for instance, the situation is the following:

- Two users have bid for 10
- One user has bid for 8
- One user has bid for 7
- Three users have bid for 4

The lowest unique bid is the one for 7 and therefore the user who has placed this bid will win.

At the bottom, it says: SW2 - POLITECNICO DI MILANO \_author Nguyen Van Minh

## 9 PROFILE

Screenshot for viewing, editing profile

This screenshot shows the 'ViewProfile' page of the Guess Bid Project 2015. The browser title bar reads 'Profile - Grid Template For Bootstrap - Settings'.
